General remarks

Do not leave the victim unattended. Remove victim from the danger zone. Keep the victim calm, cover and keep warm. Remove soiled/soaked clothing immediately. If symptoms occur or if in doubt, seek medical attention. If unconscious, place in recovery position and do not administer anything by mouth.

If inhaled

If breathed in, move person into fresh air. If breathing becomes difficult, call a physician. If not breathing, give artificial respiration. Get medical advice/attention.

In case of skin contact

In case of contact, immediately wash skin with soap and copious amounts of water. Get medical advice/attention.

In case of eye contact

In case of contact with eyes, flush with copious amounts of water, remove contact lenses if present and easy to do and continue rinsing for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Get medical advice/attention.

If swallowed

If swallowed, call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth, if victim is conscious. Do not induce vomiting
